Name: Paula Kaiser Van Dam	Title: Bureau Director
Date of Board/Local Planning Body Authorization:	7/27/2018
Date of Anticipated Board/Local Planning Body Authorization:	

All projects requesting renewal must demonstrate they have met minimum project eligibility, capacity, timeliness, and performance standards to be considered for funding.

GENERAL PROJECT INFORMATION

1a. Provide a narrative describing how the project’s performance met the plans and goals established in the current project’s application, the project’s performance in assisting program participants to achieve and maintain independent living, and record of success. (Include target populations and preferences as specified and/or allowed by the Notice of Funding Availability (NOFA) under which the project was initially funded.) If the renewing project has not yet started, provide a narrative of anticipated performance in these same areas based on experience with other related projects. (1000 word limit)

The new 2017 MDHHS MHAAB PSH Dedicated Plus grant that was granted during the HUD FY 17 CoC Competition has not completed its first grant term. This grant started on 4/1/18. For the purposes of this grant application, data from the existing PSH 2004 Statewide Leasing administered through MDHHS is used as comparable data as the partners serving the communities have significant overlap. This PSH Dedicated Plus grant was created to fill the gap left by the PSH grants not renewed during the HUD FY 17 CoC competition and were therefore ending on during this fiscal year. PSH 2004 Statewide Leasing served a total 100 individuals (61 adults and 39 children) during the grant term of 7/1/16-6/30/17 with 88 stayers and 12 leavers. During the grant term, an average of 46.5 units and 88.5 were filled at any given time. The approved HUD application for the grant term called for 53 units and 72 beds, which means that the unit utilization was on average 87.7% and the average bed utilization was 123%. This grant is prioritized for individuals with Serious Mental Illness. Of the 61 adults served, 53 or 87% had a Mental Health Problem at program start. 38% of clients had no income at the start of programming. That amount decreased to 23% of clients having no income at the latest annual assessment for stayers. Although not required, this grant was able to serve the chronically homeless, making up approximately 20% of the clients served, ensuring that clients with the highest need are housed first.

1b. Use the last completed grant year APR for this and all other data/outcome measure questions. If the renewing project has not yet started, indicate the planned number of units per county.*

This grant started on 4/1/18 and we do not have enough data to complete this table. Therefore, I have enclosed the number of units per county to be utilized for this grant.

SECTION I: Project Effectiveness

3. Does the project serve priority populations (Veterans, Chronically Homeless, Families, Youth, Domestic Violence Survivors)? Enter the number of units dedicated or prioritized for each population at turnover.

	Number of Units		
	Dedicated	Dedicated Plus	Prioritized
Veterans	0	0	0
Chronically Homeless	0	229 (100%)	0
Families	0	68	0
Youth	0	0	0
Domestic Violence	0	0	0

4. Low Barrier

To earn points as Low Barrier, the project must answer affirmatively to all the following questions.

Does the project ensure that participants are NOT screened out (or denied project entry) due to the following:	
Having too little or not enough income	Yes

Active substance use or history of substance abuse	Yes
Having a criminal record (other than for state-mandated restrictions)	Yes
Domestic violence (requiring survivor to take specific actions or demonstrate distance from assailant)	Yes

5. Housing First

In addition to the answers above, a project must also answer affirmatively to the following questions to qualify as Housing First.

Does the project work to ensure that participants are NOT terminated from the program due to the following:	
Failure to participate in supportive services	Yes
Failure to make progress on a service plan	Yes
Loss of income or failure to improve income	Yes
Being a victim of domestic violence	Yes
Any other activity not typically covered in a lease agreement but found in the project's geographic area.	Yes
Does the project quickly move participants into permanent housing?	Yes

6. All recipients of HUD CoC Program funding are required to participate in Coordinated Entry. Did the project take 100% of all referrals from Coordinated Entry in the past grant year *or* will it once the grant year begins? **Yes**

7. What is the prioritization process for households referred to this project? How is it determined who is most vulnerable and the best fit for any referrals to this project? Provide detail from policy established by the Local Planning Body. *(500 word limit)*

MDHHS has all subrecipients follow the MIBOSCoC Prioritization Policy that was finalized in 2016. For CoC PSH beds, subrecipients prioritize occupancy first by the household with the longest history of homelessness and then by the highest SPDAT Score. PSH Dedicated Plus is 100% dedicated to persons experiencing chronic homelessness. LPBs and grantees will prioritize occupancy in the following order: 1. Single or family with the longest history of homelessness 2. Single or family with the highest VI-SPDAT or SPDAT acuity score. The PSH Dedicated Plus grant specifically requires a SPDAT score in the PSH range and the client having a disability. Subrecipients must both follow the prioritization policy as well as fit the eligibility requirements for this grant. Subrecipients house clients through the Coordinated Entry System within their Local Planning Body to ensure clients with the highest need are housed first.

Efficient Use of Funding *(If the renewing project has not yet started, share information from the last completed year of another HUD funded project or similarly designed project through this agency)*

8. What was the project's utilization rate? *(Average of Quarterly Point-in-Time Counts in APR 9 divided by total contracted units.)* The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17. PSH

Statewide Leasing has 53 units and 72 beds contractually. The average unit utilization rate for the grant term of 7/1/16-6/30/17 was 87.34% and the average bed utilization was 122.5%. The unit utilization is lower than 100% and the bed utilization is higher than 100% because we allow our subrecipients flexibility with their unit configuration in order to best serve the clients.

9. Expenditure of Funds: Use last **completed** HUD FY year.

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17. Because PSH Statewide Leasing is a leasing grant, finding affordable housing within the FMR (because with leasing, you cannot go over the FMR), is extremely difficult. Once PSH Statewide Leasing switches to rental, spending should improve as subrecipients will be able to accommodate higher rental costs. Previous spending on this grant has been closer to 95% but due to increasing rental costs, HUD restrictions under leasing are proving detrimental to spending down funds and housing clients. Because PSH Dedicated Plus is a rental grant, we do not anticipate having as much difficulty in spending down the dollars.

a. Total amount authorized within eLOCCS	\$398,987.00
b. Remaining balance in eLOCCS	\$67,611.46
c. Percentage recaptured Divide answer b. by answer a. and multiply by 100	17%

10. Were drawdowns made to eLOCCS at least quarterly? (*Demonstrated in eLOCCS attachment*)

Yes

This grant started on 4/1/18. MDHHS has policies and procedures in place so that MDHHS Housing and Homeless Services financial staff work in tandem with federal reporting staff to ensure that draws in ELOCCS are completed correctly and on time (at least quarterly).

HMIS Participation (*If the renewing project has not yet started, share information from the last completed year of another HUD funded project or similarly designed project through this agency*)

11. Indicate how many APR Data Quality Elements (DQE) have 5% or less null or missing values (*APR Q06*):

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

Data Quality Element APR 6a.-6d.			
Number of elements with 5% or less null or missing values			
DQE 6a.	DQE 6b.	DQE 6c.	DQE 6d.
5	5	1	3
Total the numbers above, divide by 16, multiply by 100 for a percent: 87.5%			

HUD Monitoring

12. a. Does the recipient have any HUD monitoring findings in any of the agency's projects? **Yes**

If yes, explain below findings in detail for the Funding Review Panel. Include details on the nature of the finding, resolution and corrective actions taken, if any.

Findings and corrective actions taken by MDHHS for the HOPWA grant are enclosed in this application. There were no findings for the RPSH grant.

b. Has your organization been monitored by HUD in the past three (3) years? **Yes**

If yes, include as attachments: Monitoring report from HUD, your organization's response to any findings, documentation from HUD that finding or concern has been satisfied, and any other relevant documentation.

If no, provide most recent monitoring by an entity other than HUD for federal or state funding (ESG, CDBG, etc) and include as attachments: Monitoring report, your organization's response to any findings, documentation from HUD that finding or concern has been satisfied, and any other relevant documentation.

MDHHS has been monitored by HUD for the Rural PSH (August 2016) and HOPWA (April 2016) grants. MIBOSCoC (formally MHAAB) monitored MDHHS on June 30, 2017 by Jennifer Therrien, the former CoC Coordinator. Documentation of the monitoring is enclosed.

Impact on Homelessness

13. Is this project the only CoC funded project with dedicated beds to a particular target population?
Answered by Project Evaluation based on all applications submitted for this NOFA.

14. Funds that are reallocated may be added to renewal projects to increase the number of households served. If funding is available:

Would this project accept additional funds? Yes No

How would additional households be served with these funds?

This grant did not start until 4/1/18, therefore there is no data for this report. However, with the size of the portfolio and the number of units for this grant, we anticipate that once this grant is through its initial grant term, our subrecipients will be in a good position to take on additional funding for this grant. We anticipate the need for additional funds to cover increasing rental assistance costs. Additional funds would be utilized to serve current clients and meet current housing cost challenges as well as serve new eligible clients in the counties with the greatest need per HMIS statewide data. If applicable, proportionate supportive services and administration costs would be allocated according to the allocated rental assistance funds.

Serving High Need Populations – PSH PROJECTS ONLY *(If the renewing project has not yet started, share information from the last completed year of another HUD funded project or similarly designed project through this agency)*

15. What percentage of the households served met "hard to serve" criteria defined as having zero income at start/entry? (APR 18. Add values for No Income and divide by Total in last row):

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

49% of households have zero income at start/entry.

16. What percentage of the households served met “hard to serve” criteria defined as having two (2) or more physical or mental health conditions known at start/entry (*APR 13.a.2. add totals for two and three or more conditions, then divide by total*):

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17. 34% of households have 2 or more physical or mental health conditions known at entry.

17. What percentage of the households served were chronically homeless? (*APR Q26a. divide total chronically homeless by total households*):

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

15% of households were chronically homeless. Note that this grant does not require chronic homelessness.

Section II. Project Performance

Performance Data (*If the renewing project has not yet started, share information from the last completed year of another HUD funded project or similarly designed project through this agency*)

18. Length of Stay

a. Permanent Supportive Housing: Calculate the percentage of leavers that remained in project more than 180 days (*APR 22a.1*)

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

100% or 12 of 12 leavers remained in the project for more than 180 days.

b. Rapid Re-Housing: Calculate the percentage of participants that took 30 days or less from project entry to lease up (*CAPER 22C*)

[Click here to enter text.](#)

19. Exits to Permanent Housing

a. Permanent Supportive Housing: Calculate the percentage of participants who remained in project, or exited to permanent housing destinations. (*Total Persons Exiting to Positive Housing Destinations APR Q23.a.+ Q23b. + Stayers 5.a.8/ [Total Served 5.a.1. – Excluded Q23.a. + Q23.b.]*)

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

6 clients had positive exits after more than 90 days. 0 clients exited in less than 90 days. There were 88 stayers with a total of 100 clients served. $6+0+88=94/100=94\%$

b. Rapid Re-Housing: Calculate the percentage of participants who exited to permanent housing destinations (*Total Persons Exiting to Positive Housing Destinations APR Q23.a.+ Q23b./ [Total Leavers 5.a.5. – Excluded Q23.a. + Q23.b.]*)

NA

20. New or Increased Income and Earned Income

a. PSH Only Project Stayers: What percent of project stayers had new or increased earned income with in the project contract year? *APR 19a.1*

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

1 of 88 or 1.3% of stayers had new or increased earned income. Note that the average length of stay for stayers is 1659 days. Regular increase in earned income for this population is extremely difficult.

b. PSH Only Project Stayers: What percent of project stayers had new or increased other (non-employment) income? *APR 19a.1*

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

4 or 88 or 4.5% of stayers had new or increased other income. Note that the average length of stay for stayers is 1659 days. Regular increase in earned income for this population is extremely difficult.

c. Project Leavers: What percent of project leavers had new or increased earned income? *APR 19a.2*

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

0% of leavers had new or increased earned income. Note that the average length of stay for leavers is 803 days. Regular increase in earned income for this population is extremely difficult.

d. Project Leavers: What percent of project leavers had new or increased other (non-employment) income? *APR 19a.2*

The grant did not start until 4/1/18, therefore there is no data for this report. The numbers below reflect the PSH 2004 Statewide Leasing grant term of 7/1/16-6/30/17.

2 of 12 or 16.67% of leavers had new or increased other income. Note that the average length of stay for leavers is 803 days. Regular increase in earned income for this population is extremely difficult.

Attachment B

Attachments listed below are required but unscored. Failure to include any documentation that is required may result in disqualification of the application. *Please number all attachments in accordance with the list below.*

All projects must include:

- #1: Annual Progress Report (APR) for the project's most recent completed contract year, *or* the most recently completed contract year for another HUD-funded project or similar project if the renewing project has not yet started.
- #2: Line of Credit Control System (LOCCS) report showing drawdowns and final balance
- #3: Project Application submitted in *e-snaps*
- #4: Documentation of all match

Each applicant must include one of the following two (#5):

- Monitoring report from US Department of Housing and Urban Development (HUD)
- Monitoring report from an entity other than HUD for federal or state funding (ESG, CDBG, etc)

If relevant include (#6):

- A: Organization's response to any findings
- B: Documentation from HUD (or other entity) that finding or concern has been satisfied
- C: Any other relevant documentation
- D: Written communication to HUD requesting the significant change indicated in question 2. Not applicable
- E: HUD's written approval of the change requested in question 2. Not applicable
